The Patristic Day 2023

Origen of Alexandria and His Legacy

COLLEGIUM PATRISTICUM LUNDENSE | WWW.PATRISTIK.SE | APRIL 24 | LUX:B152 | HELGONAVÄGEN 3, LUND

Origen of Alexandria is one of the most influential thinkers in the history of Christianity. His reputation in the history of Christianity is, however, a disputed one, because of the charges of heresy which were directed against him after his death. In the 20th century, a new scholarly interest in Origen's work was sparked, and this interest is still very much alive among scholars of early Christian studies worldwide. This year's Patristic day will be devoted to Origen and his legacy.
